Questions for discussion:

- Grading scheme / projects
- survey results {
 - seemed to reduce stress
 - pset grades: faster & more granularity
 - attendance check
- wanted to incentivize theory result writing, fewer psets + projects, earlier projects
- percentages? proposal deadline? feedback?
- OK to make all code repos public? (opt out)
- Cosuite: lots of development, thanks
- Other ideas for improvement/discussion?
- Other questions? (AMA)
